

Fun with Science

Adventure 6

Biology Bonanza

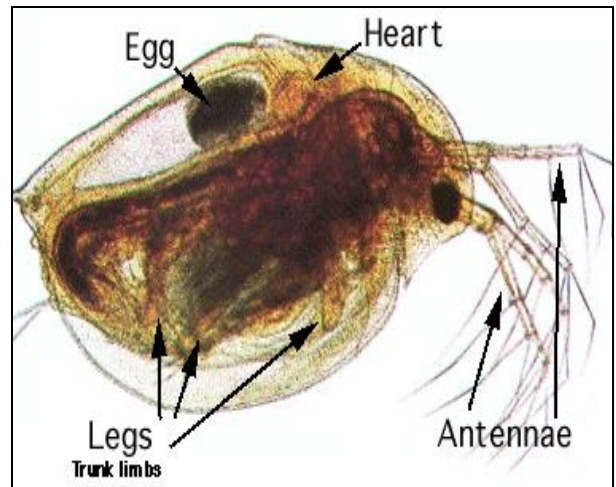

Saturday, November 19, 2011: 9 am-Noon

Join Pius XI Science teachers for part six of the Fun with Science series. Explore exciting scientific topics, conduct hands-on experiments and learn some cool science processes that deal with something that surrounds you all time: the microscopic biological world.

Topics/Activities:

- The effects of pH on yeast
- Microscopic viewing of:
 - Stentor
 - Volvox
 - Planaria
 - Feeding paramecia
 - Chemical effects on Daphnia heart rates
- The spread of germs through the air (Simulation)
- The spread of germs through contact (Simulation)
- Blood typing activity (Simulated blood)

Who: Any interested 5th through 8th grader
Where: Pius XI High School
When: Saturday, **November 19th**, 9am-Noon
Why: To learn and have fun with Science without the possibility of homework!
Price: Only \$30!
Register by: Wednesday, November 16th, 2011
Questions? Contact Steve Ramthun by email, sramthun@piusxi.org or 414-290-7000

We look forward to seeing you there!
